

## Procedures to follow to complete and submit your Petition lawfully

Every living man and woman are ultimately the ones to hold rogue, fraudulent and corrupt Parliamentarians, Government Ministers, Judiciary and other public servants to account, not through the election process but through the terms of the Common Law contract held with the Crown (the Monarch) by way of the *Constitution* (i.e. The Great Charter 1215 aka *Magna Carta*) which is still valid today.

The aim of the Petition of Right is the lawful mechanism for every living man and woman to make representation to the Monarch, to seek remedy for a grievance.

As reaffirmed in the Declaration of Rights 1688/9 by making this petition (via the affidavit) the individual is protected from prosecution and any other action by the King:

*‘That it is the Right of the Subjects to Petition the King and all Commitments and Prosecutions for such Petitioning are illegal.’*

### **IMPORTANT:**

Before you complete, autograph and post your petition you must first read the book **SMOKE & MIRRORS** : A Compendium To Your Undoubted and Inalienable Rights.

Read Chapter I and then Chapter II in conjunction with the Affidavit to ensure you have satisfied yourself that the statements presented in the Affidavit are sufficiently supported, to the point you would be willing to take the next steps to affirm your birthright and seek remedy from the king.

Once you have satisfied yourself and understood the content, you may use the affidavit prepared in Appendix A of the book **SMOKE & MIRRORS**.

### **Notes and explanation:**

Witnesses: You will require two witnesses; they should be of good standing and available to witness your autograph in front of the Commissioner of Oaths.

Formatting and language: General formatting and use of subtle changes in for example the use of % , county name in full and no post code are all to ensure that your address is for the reply via registered mail and no other benefit to the respondent. The respondents postal code is included in brackets [] on the shipping document known as the Bill of Lading, again for specific emphasis. Bible quotes and spellings are deliberate. Quotes in latin and other maxims in law have specific and deliberate meaning and these are explained in the book **SMOKE & MIRRORS**.

**NB: Ensure that you and your witnesses have photo ID for proof of identity to show the Commissioner of Oaths.**

The value of the documents is in the original autographs placed upon them, you will need to photocopy then the copies are shipped to each respondent.
